Online publications on Antique Silver Plate (in English)

There are two sections of ASCAS (Association of Small Collectors of Antique Silver) publications: Members' Articles and Members' Window. In order to distinguish between my works published in the first or in the second sections, I decided to add the 'a' letter to the number for Members' Articles and the letter 'w' to the number for Members' Window.

First of all, you should open <http://www.ascasonline.org/>

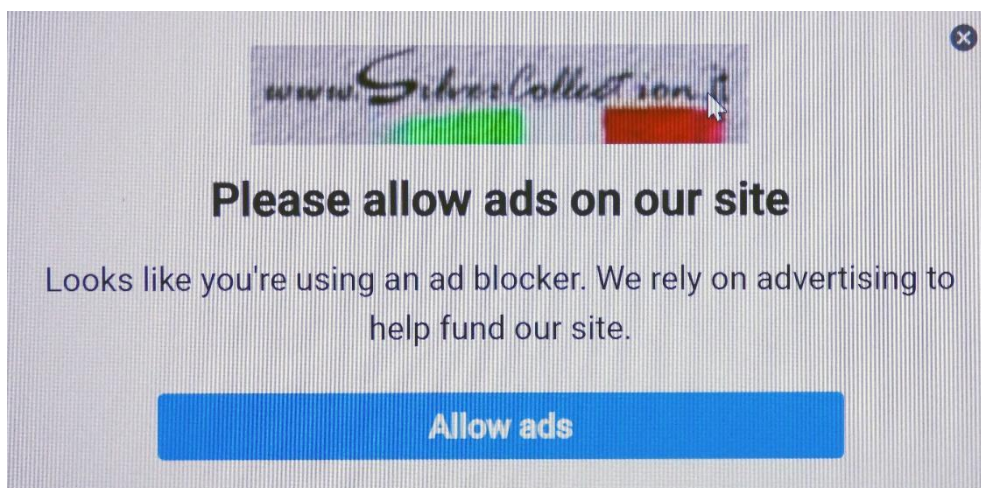

After that, you could use for each my work the necessary number.

*Publications in ASCAS started in 2004 and continued until 2018. On the top page it is written that **our website has no link with commercial firms or advertising objectives**. I was very upset when on the summer of 2024 I found a lot of publicity inside my publications. However, soon I was lucky to establish an ad-blocker on my computer. The procedure is very simple but an ad-blocker should use an old (at least two-years old) browser. After that, instead of importunate publicity (with no relation to Antique Silver Plate), you will get a small etiquette, which easily disappears by pressing the button in the corner of the etiquette.*

Online Publications on Antique Silver Plate (in German)

1. D.N. Nikogosyan: WMF Stempel I. auf Korpusware und Tablett; (2018)
2. D.N. Nikogosyan: WMF Stempel II. auf Besteck und Servietten Ringen; (2018)

First of all, you should open the website www.prueschberg.de/

After that you should chose the material under the title WMF Stempel / WMF Marks.

The translation was made by Mr. Ralph Prüschberg in 2018.
